1 Introduction

This document was provided to the product PGT-13-S in a package, accompanied by relevant Open Source Software (OSS) licenses. It is valid only in this context and shall not be used as a standalone document, but only together with the accompanied licenses.

If you received this document in standalone form, please contact SICK Stegmann GmbH, so that the full package may be provided to you.

2 Copyright Notice

SICK uses open source software which is published by the rights holders under a free license. Among others, the following license types are used: GNU General Public License (v2, v3 and v3 with GCC Runtime Library Exception), GNU Lesser General Public License (v2.0, v2.1), MIT, zlib, bzip2, Apache 2.0 and licenses derived from the BSD/MIT license.

This program is provided for general use without warranty of any kind. This warranty disclaimer also extends to the implicit assurance of marketability or suitability of the program for a particular purpose. More details can be found in the GNU GPL. View the complete license texts under the following link: www.sick.com/licensetexts

3 Offer

Please see General Terms of Delivery (Allg. Lieferbedingungen ALB) and General Terms and Conditions for the Supply of Software Products of SICK.

4 Licenses

File *package.manifest* lists the OSS components (packages) used in the product.

File *license.manifest* is a summary of the licenses for each package. May contain more than *package.manifest*. Please take the package manifest as reference.

For the full license texts and information, please refer to the *legal-info* folder from the package this document was located in. For each OSS component a folder with the license texts and the copyright notices exist.

File *recipeinfo* in each of the folders in *legal-info*, documents the version of the package. See element *PV*.

The OSS components are all **unmodified**.
